PROFILE

I am a certified Magento developer with a strong understanding of full-stack development and e-commerce content architecture. Able to understand clients needs and wants as well as taking ownership of the project, and having a clear vision of the desired end result.

Have had an extensive experience with Magento in:

1. Creating stores from the ground up
2. Extension creation
3. Redesigning existing active stores
4. Implementing solutions to new features that merge seamlessly with the existing design
5. Fixing issues with Magento or third party extensions
